2016 BUYING PLAN

The mission of the Cook County Office of the Chief Procurement Officer (OCPO) is to acquire quality goods and services for Cook County agencies at the best price by promoting completion and implementing best practices.

To achieve this goal, OCPO is committed to implementing open and transparent procurement methods to promote vendor participation while lowering costs to taxpayers.

As a public agency, the Office of the Chief Procurement Officer welcomes all vendors to participate in the open and competitive process. This buying plan contains hundreds of great opportunities for vendors to do business with Cook County.

This buying plan includes information on numerous County projects and needs. You will find useful information on the department requesting proposals, project descriptions, value of contract, advertising date, and various Minority, Women and Veteran Business Enterprise subcontracting opportunities.

OCPO encourages all potential vendors to use the information provided in this plan to assist them in future procurement efforts. Please contact Procurement staff or visit our website at cookcountyil.gov/procurement with any questions regarding procurement and contracting procedures.

DEAR VENDOR:

Thank you for your interest in doing business with Cook County. Cook County has approximately 5.2 million residents and a \$4 billion budget. We are proud of our work on behalf of our residents and taxpayers and I believe vendor relations are essential to ensuring continued successful operations.

We are committed to providing vendors with helpful tools and resources to easily navigate the procurement process. We are also striving to remove barriers to businesses and make sure our purchasing practices reflect our goal of shaping Cook County into a more effective, attractive business partner for minority and women-owned businesses (M/WBE). This 2016 Buying Plan provides important information designed to make working with the County as easy as possible.

As a vendor, you play an integral part in the County's everyday operations. Vendors help our departments provide important services

to our residents. Whether it's manufacturing life-saving equipment used by hospitals or technologies that modernize our criminal justice system, vendors play an important role in the County.

Since I took office, our procurement office has become more transparent, considerate, prompt and accessible. We are proud of the steps we have taken to streamline and improve the procurement process.

Thank you again for your interest in doing business with the County. Please do not hesitate to contact our procurement office if we can ever be of any assistance. I promise to continue working to make this County an even better place to live and do business.

Sincerely,

A handwritten signature in black ink that reads 'Toni Preckwinkle'.

Office of
Contract
Compliance
representatives
are always on
hand and vendor
workshops to
provide useful
information on
the County's
commitment to
certified
minority and
women owned
businesses.

The mission of the Office of Contract Compliance is to certify Minority-, Women-, Veteran-, and Service-Disabled Veteran-owned Business Enterprises (MBE/WBE/VBE/SDVBEs), to ensure that all County purchases comply with the Cook County Minority- and Women-owned Business Enterprise Ordinance.

Compliance is working to educate County User Departments and Vendors on the importance and the process of complying with the Ordinance, encourage greater inclusion of MBE/WBE and VBEs on County procurements, and collaborating to monitor the success of the process.

Monthly workshops are available for potential MBE/WBE/VBE vendors through the Office of Contract Compliance. The workshops provide assistance to vendors in the preparation of documents required for Certification with Cook County, in addition to providing information on the County's bidding process.

Those interested should contact the Office of Contract Compliance at (312) 603-5502 to register for the next workshop or visit www.cookcountyil.gov/supplier-diversity/ for more information.
